NOTICE TO OUR VALUED CLIENTS

DIRECT SHIPPING SERVICE TO GUAM

Dear Clients,

We are pleased to advise that we are now offering a monthly shipping service for LCL & FCL cargo from Brisbane, Sydney and Melbourne calling directly to Guam.

The sailing is every 30 days using the Swire Shipping vessels Pacific Horizon and Pacific Harmony; the transit time from Sydney will be approximately 35 days. Our major service benefit will be the direct port call, compared with other services which trans-ship cargo through various ports in Asia.

Our first vessel on which we can offer LCL & FCL shipping services will be the Pacific Horizon v 2:

- ETD Melbourne 14/8/08.
- ETD Sydney 17/8/08.
- ETD Brisbane 19/8/08.
- ETA Guam 21/9/08.

Guam is now included on our sailing schedules, please visit our website at www.vanguardlogistics.com.au or our global website – www.vls-global.com for details.

For information regarding competitive pricing, LCL cut off dates and service details, please contact your local Vanguard customer service representative.

Kind regards,

Michael Rowland Smith

General Manager – Pacific Islands
